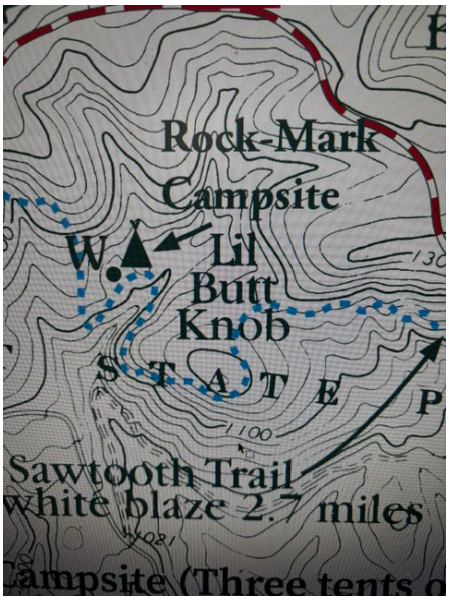
#10 ROCK-MARK CAMPSITE – New May 2024 **revised 6/4/2026**

This site is located on the **Sawtooth Trail** about ½ mile from west end. If you have an old PMT map it is located right next to the **W** west of Lil Butt Knob. From Fox Den Cove Parking Lot, hit the PMT west across the road and .2 mile in take a LEFT/East onto the Sawtooth Trail. From Molly Hugger Hill Parking Lot, go across the road onto the PMT and then right/west onto Sawtooth Trail and it is about 2.2 miles. The site entrance trail starts at the year round rocked spring on the north side of the trail. Uphill from the trail and water it is 120' to the camps metal fire-ring. There is space for 4 tents (or two tents and two hammocks) - 8 backpackers. LOTS of dead downed fire wood all around the little flat hill top the site is on. The site name ***ROCK-MARK*** is in honor of long time PMTA volunteers/board members Danny **ROCK** and **MARK** Hughes of LaGrange. As with other campsites, there is an engraved wooden sign and a brown Carsonite sign noting the entrance to the campsite off the hiking trail..



This is looking west at campsite entrance

Just uphill from trail 65' you see this directional sign
